Referring to the document enclosed in the meeting packet, Townsend explained the updates are highlighted. New federal Highway Administration and Federal Transit Administration guidelines require agencies to refer any Title VI complaints to agencies one level up as opposed to self-investigating complaints. Therefore, Kalamazoo Area Transportation Study (KATS) complaints would be referred to the Michigan Department of Transportation. Mickelson added this document will be out for feedback this month on both KATS website and social media accounts. It will be presented for approval next month.

Joshi reported the Central County Transportation Authority (CCTA) / Kalamazoo County Transportation Authority (KCTA) board approved Via Transportation as the microtransit program vendor. Service is expected to be launched in April. Plans are underway to determine north, south, east, and west zones and how they will connect to the fixed route system.

## **STATUS REPORTS**

### **ROADS-**

DenBraber reported the Michigan Department of Transportation (MDOT) grant to fund the I-94 Paw Paw interchange project was not awarded. The project is now programmed for 2030. MDOT will continue to look for other grants to fund it to potentially move up timing. To respond to Arif, DenBraber said the project is a new bridge over I-94 with roundabouts on each side. The US-131 KL Avenue project was awarded. Construction will start in April. Horner asked how MDOT shared projects with the public. DenBraber explained MDOT holds public open houses early in the preliminary project planning process.

Heppler reported the Village of Augusta 2024 Washington Street bridge project plans continue. Road improvements will be made on M-96 this summer. Plans continue on the potential extension of the non-motorized trail from Galesburg to Fort Custer.

Harmon reported the City of Portage 2024 Portage Road project from Romence Road to I-94 bids came in 7% over estimates. The project was red flagged by the Michigan Department of Transportation (MDOT) for non-balancing. MDOT requires a response for each of the 129 flagged items. Gwin detailed the project. Arif asked if MDOT had procedures in place to alert affected contractors and to have them justify flagged items. Gwin agreed that it would make sense for MDOT as the project administrator, to be in contact with the contractor. DenBraber will inquire further and follow-up with MDOT on this topic. Stefforia suggested, and it was agreed that an update would be on the March meeting agenda. Bids are open for the Cooley Drive project. Other local projects are under design.

Hoort reported that Van Buren County Road Commission has one small, local, two-mile project in Paw Paw Township out for bid now.

Waring reported the City of Kalamazoo Westnedge water main and resurfacing project will start in early March. Northbound traffic will be detoured on Burdick. The Whites Road project will begin in early March. Westbound traffic will be detoured from Oakland to Westnedge. The Inkster Bridge project will require closure of Bronson Blvd from Whites Road to Crosstown beginning March 18, 2024 for approximately one to two months. Alternate routes are recommended for north and southbound travel on either Burdick or Portage Road. The Ransom Street project beginning at Pitcher going west, will restart in March. The Howard Street project between Stadium Drive and Michigan Avenue is out for bid now. This will include mill and fill, curb and gutter work and U-turn pockets. Single lane closures are planned. The Riverview Drive bids came back close to estimates except for mobilization and traffic control which were 50% over. There were contingencies and it was a locally let project. Sidewalk work will start in April with road work in May and June. The road will be down to

one lane north and south. The Safe Streets for All grant request for proposals are going out now. Installation for the pilot study will begin in early May and last through 2025. Winchell neighborhood Safe Routes for School will be out for bid soon. The Michikal Street project came in significantly over budget. It will be rebid soon. Michigan Avenue design will be underway soon. Request for Proposals for other downtown streets will follow. A public open house with information on 2024 construction projects is scheduled for February 20, 2024 at the Girl Scout Building at Maple and Crosstown.

#### **LAND USE/PLANNING AND ZONING-**

Stefforia invited attendees to the Comstock Township Planning Commission meeting tonight. It will include a presentation by industry representatives on battery energy storage systems. The February 22, 2024 Planning Commission meeting will feature solar energy industry representatives. Meetings are available on the Public Media Network.

Bowden of the Michigan Department of Transportation (MDOT) agreed with Stefforia that MDOT has both a Road Usage Funding survey and a Complete Streets survey out now.

Heppler reported that the Village of Augusta zoning commission is working on a project for a solar farm. Strategic planning is underway to revise village zoning. A survey will be sent out in March for upgrading zoning maps.

Hutson reported Oshtemo Township is hosting a public hearing for a new mixed-use ordinance.

McNees reported the City of Galesburg approved a Consumers Credit Union. Construction will start in October with opening planned for early in 2025.

## NON-DISCRIMINATION POLICY STATEMENT

The Kalamazoo Area Transportation Study (KATS) assures that no person shall, on the grounds of race, color, and national origin, as provided by Title VI of the Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987 (P.L. 100.259). Specifically, 42 USC 2000d states that *“No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”* KATS further assures every effort will be made to ensure nondiscrimination in all of its programs and activities, whether those programs and activities are federally funded or not. In addition to Title VI, there are other non-discrimination statutes that afford legal protection. These statutes include the following: Section 162 (a) of the Federal-Aid Highway Act of 1973 (23 USC 324) (sex), Age Discrimination Act of 1975 (age), and Section 504 of the Rehabilitation Act of 1973/Americans With Disabilities Act of 1990 (disability).

More specifically, the Kalamazoo Area Transportation Study assures that efforts will be made to prevent discrimination through the impacts of its programs, policies, and activities on minority and low-income populations. Additionally, the Kalamazoo Area Transportation Study will take reasonable steps to provide meaningful access to services for persons with Limited English Proficiency.

## Introduction

### What is an MPO?

A Metropolitan Planning Organization (MPO) is the policy board of an organization created and designated to carry out the metropolitan transportation planning process. MPOs are required to represent localities in all urbanized areas (UZAs) with populations over 50,000, as determined by the U.S. Census. MPOs are designated by agreement between the governor and local governments that together represent at least 75 percent of the affected population (including the largest incorporated city, based on population) or in accordance with procedures established by applicable state or local law.

### What is KATS?

The Kalamazoo Area Transportation Study (KATS) is the MPO for the Kalamazoo Urbanized Area. The Metropolitan Planning Area (MPA) for KATS is Kalamazoo County and a portion of Van Buren County including the townships of Almena, Antwerp, Paw Paw, and Waverly. KATS is a federally mandated policy body made up of representatives from local, state, and federal governments, transit agencies, and other stakeholders and is responsible for regional transportation planning and programming for the planning area. Any highway, transit, local road, or non-motorized project or program to be constructed or conducted in the region receiving Federal funding, must have approval by KATS before any funds can be expended. In addition, any highway or transit project deemed to be regionally significant by KATS staff, must receive KATS approval to proceed.

### Title VI Legislation

Title VI of the Civil Rights Act of 1964 is a landmark civil rights and labor law in the United States that outlaws discrimination based on race, color, religion, sex, or national origin. It prohibits unequal application of voter registration requirements, and racial segregation in schools, employment, and public accommodations. Specifically, Title VI assures that “No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefit of, or be otherwise subjected to discrimination under any program or activities receiving federal assistance.” Title VI has been by related statutes, regulations and executive orders. Section 324 of the Federal Aid Highway Act – this enabling legislation of the Federal Highway Administration (FHWA) – prohibits discrimination based on sex. The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 prohibits unfair and inequitable treatment of persons as a result of projects undertaken with Federal financial assistance. The Civil Rights Restoration Act of 1987 clarified the intent of Title VI to include all programs and activities of Federal Aid recipients and contractors whether those programs and activities are federally funded or not.

In addition to statutory authorities, Executive Order 12898, “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations,” signed in February of 1994, requires federal agencies to achieve Environmental Justice as part of its mission by identifying disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations. Environmental Justice initiatives are accomplished by involving the potentially affected public in the development of transportation projects within their

communities without sacrificing safety or mobility. In 1997, the U.S. Department of Transportation (USDOT) issued its DOT Order to Address Environmental Justice in Minority Populations and Low-Income Populations to summarize and expand upon the requirements of Executive Order 12898. Also, Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency (LEP)," provides that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program or activity that receives Federal financial assistance.

As a **sub**recipient of Federal financial assistances, the KATS must provide access to individuals with limited ability to speak, write or understand the English language. The KATS must not restrict an individual in any way from the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under its programs or projects. Individuals may not be subjected to criteria or methods of administration causing adverse impact due to their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program because of race, color, or national origin. Therefore, the primary goals of the KATS Title VI Program are:

1. To assign roles, responsibilities, and procedures for ensuring compliance with Title VI of the Civil Rights Act of 1964 and related regulations and directives.
2. To ensure people affected by the KATS programs and projects receive the services, benefits, and opportunities to which they are entitled without regard to race, color, national origin, age, sex, or disability.
3. To prevent discrimination in the KATS programs and activities, whether those programs are federally funded or not.
4. To establish procedures for identifying impacts in any program, service, or activity that may create an illegal adverse impact on any person because of race, color, national origin, age, sex, or disability; or on minority populations, low-income populations, the elderly, and persons with disabilities.
5. To establish procedures to annually review the Title VI compliance.
6. To set forth procedures for filing complaints by persons who believe they have been subjected to illegal discrimination under Title VI in a KATS service, program, or activity.

#### Discrimination under Title VI

There are two types of discrimination prohibited under Title VI and its related statutes. One type of discrimination that may or may not be intentional is "disparate treatment." Disparate treatment is defined as treating similarly situated persons differently because of their race, color, national origin, sex, age, or disability.

The second type of discrimination is "disparate impact." Disparate impact occurs when a "neutral procedure or practice" results in fewer services or benefits, or inferior services or benefits, to members of a protected group. With disparate impact, the focus is on the consequences of a decision, policy or practice rather than the intent.

The KATS's efforts to prevent such discrimination must address, but not be limited to, a program's impacts, access, benefits, participation, treatment, services, contracting opportunities, training, investigation of complaints, allocation of funds, prioritization of projects, and the overarching functions of planning, project development and delivery, right-of-way, construction, and research.

The KATS has developed this Title VI Plan to assure that services, programs, and activities of the region are offered, conducted, and administered fairly, without regard to race, color, national origin, sex, age, or disability of the participants or beneficiaries of federally programs, services, or activities (see Title VI Assurances).

## Kalamazoo Area Transportation Study Title VI Non-Discrimination Policy Statement

The KATS reaffirms its policy to allow all individuals the opportunity to participate in federal financially assisted services and adopts the following provision:

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.” In applying this policy, the KATS and its sub-recipients of federal funds shall not:

1. Deny any individual any services, opportunity, or other benefit for which such individual is otherwise qualified;
2. Provide any individual with any service or other benefit which is inferior (in quantity or quality) to, or which is provided in a different manner from, that which is provided to others;
3. Subject any individual to segregated or disparate treatment in any manner related to such individual’s receipt of services or benefits;
4. Restrict an individual in any way from the enjoyment of services, facilities or any other advantage, privilege or other benefit provided to others;
5. Adopt or use methods of administration which would limit participation by any group of recipients or subject any individual to discrimination;
6. Address any individual in a manner that denotes inferiority because of race, color, or national origin;
7. Permit discriminatory activity in a facility built in whole or in part with federal funds;
8. Deny any segment of the population the opportunity to participate in the operations of a planning or advisory body that is an integral part of a federally funded program;
9. Fail to provide information in a language other than English to potential or actual beneficiaries who are of limited English speaking ability, when requested and as appropriate;
10. Subject an individual to discriminatory employment practices under any federally funded program whose objective is to provide employment;
11. Locate a facility in any way which would limit or impede access to a federally-funded service or benefit.

The KATS will actively pursue the prevention of any Title VI deficiencies or violations and will take the necessary steps to ensure compliance. If irregularities occur in the administration of the program’s operation, procedures will be promptly implemented to resolve Title VI issues. Deleted wording

The KATS designates Steven Stepek, AICP, Executive Director of the Kalamazoo Area Transportation Study, as the Title VI Coordinator. The Executive Director will be responsible for ensuring that the KATS complies with the Title VI regulations, pursues prevention of Title VI deficiencies or violations, as well

as logging and sending complaints to MDOT's Statewide Title VI Coordinator. Inquiries concerning the KATS and Title VI may be directed to:

## Structure for Organizational Oversight and Compliance

The Director of the Kalamazoo Area Transportation Study is the KATS Title VI Coordinator. The Director has appointed the Finance and Administrative Manager to oversee the coordination of the day-to-day administration of the Title VI Program and will report to the Director on all related matters.

## Programmatic Roles and Responsibilities

### KATS Title VI Coordinator

The KATS Title VI Coordinator is responsible for ensuring all internal program areas are in compliance

with Title VI and related statutes. It is the responsibility of the Title VI Coordinator to send Title VI complaints to MDOT’s Statewide Title VI Coordinator and maintain a log of all Title VI complaints. The KATS Title VI Coordinator, or his/her appointed staff, is responsible for overall management of the day-to-day administration of the Title VI Plan, including implementation and management of the Title VI program.

**KATS Transportation Planning**

The Kalamazoo Area Transportation Study conducts transportation planning for all of Kalamazoo County and four townships in Van Buren County, including Alma, Antwerp, Paw Paw, and Waverly. A comprehensive transportation planning process is used for incorporating input from the public into various Metropolitan Planning Organization (MPO) activities. The process further entails the monitoring and collection of varied data pertaining to transportation related issues. The KATS coordinates transportation planning on the Federal Aid Road Network utilizing input from the public. The KATS also provides technical support to jurisdictions and agencies when needed.

**Title VI Responsibilities**

Develop	Comply	Promote	Address
 <p>Assist the KATS Title VI Coordinator in the development of the Title VI Plan</p>	 <p>Ensure all aspects for the transportation planning process comply with Title VI and related statutes</p>	 <p>Ensure the opportunity for participation of a cross section of various social, economic, and ethnic interest groups throughout the public involvement process</p>	 <p>Ensure that all complaints are promptly addressed according to established KATS public participation plan</p>

**Administration – General**

**Complaints:** If any individual believes that he/she or any other program beneficiaries have been the object of unequal treatment or discrimination as to the receipt of benefits and/or service, or on the grounds of race, color, or national origin (including Limited English Proficiency), he/she may exercise his/her right to file a complaint with the KATS. Complaints may be filed with the Title VI Coordinator. Every effort will be made to resolve complaints informally at the lowest level.

**Data Collection:** Statistical data on race, color, national origin, English language proficiency, and sex of participants in and beneficiaries of the KATS programs, e.g. impacted citizens and affected communities, will be gathered and maintained by the KATS. The gathering procedures will be reviewed annually to ensure sufficiency of the data in meeting the requirements of the Title VI program.

**Program Reviews:** Special emphasis program reviews will be conducted based on the annual summary of Title VI activities, accomplishments, and problems. The reviews will be conducted by the Title VI Coordinator to assure effectiveness in their compliance of Title VI provisions. The Title VI Coordinator will coordinate efforts to ensure the equal participation in all their programs and activities at all levels. The KATS does not have any special emphasis programs at this time.

**Title VI Reviews on Sub-Recipients:** Title VI compliance reviews will be conducted annually by the Title VI Coordinator. Priority for conducting reviews will be given to those recipients of federal (U.S. Department of Transportation) funds with the greatest potential of impact on those groups covered by the Act. The reviews will entail examination of the recipients' adherence to all Title VI requirements. The status of each review will be reported in the annual update and reported to the relevant U.S. Department of Transportation (USDOT) modes upon request.

**Annual Reporting Form:** The KATS Title VI Coordinator or designee will be responsible for coordination, compilation, and submission of the annual reporting form data to the Michigan Department of Transportation (MDOT), Civil Rights Program Unit, via the Sub-Recipient Annual Certification Form (MDOT form #0179) by October 5<sup>th</sup>.

**Public Dissemination:** The KATS will disseminate Title VI Program information to employees and to the general public. Title VI Program information will be submitted to sub-recipients, contractors and beneficiaries. Public dissemination will include inclusions of Title VI language in contracts and publishing the KATS Title VI Plan within 90 days of approval on the main page of the website, at [www.katsmpo.org](http://www.katsmpo.org).

**Remedial Action:** The KATS, through the Title VI Coordinator, will actively pursue the prevention of Title VI deficiencies and violations and will take the necessary steps to ensure compliance with all program administrative requirements. When deficiencies are found, procedures will be promptly implemented to correct the deficiencies and to put in writing the corrective action(s). The corrective action(s) will be determined by the FHWA Headquarters Office of Civil Rights (HCR). Deleted wording

## Filing a Title VI Complaint

### Introduction

The Title VI complaint procedures are intended to provide aggrieved persons an avenue to raise complaints of discrimination regarding KATS programs, activities, and services as required by statute.

### Purpose

The purpose of the discrimination complaint procedures is to describe the process used by the KATS for processing complaints of discrimination under Title VI of the Civil Rights Act of 1964 and related statutes.

### Roles and Responsibilities

The Title VI Coordinator has the responsibility for assuring that the discrimination complaint process and procedures adhere to FHWA's guidance.

## Filing a Complaint

The complainant shall make himself/herself reasonably available to the designated investigator, to ensure completion of the investigation within the timeframes set forth.

**Applicability:** The complaint procedures apply to the beneficiaries of KATS programs, activities, and services, including but not limited to: the public, contractors, sub-contractors, consultants, and other sub-recipients of federal and state funds.

**Eligibility:** Any person who believes that he/she has been excluded from participation, denied benefits or services of any program or activity administered by KATS or its sub-recipients, consultants and contractors on the basis of race, color, or national origin (including Limited English Proficiency), may bring forth a complaint of discrimination under Title VI.

**Time Limitation on Filing Complaints:** Title VI complaints may be filed with the Title VI Coordinator's office. In all situations, the employees of KATS must contact the Title VI Coordinator immediately upon receipt of Title VI related complaints. **Within ten (10) days KATS will acknowledge receipt of the complaint.**

Complaints must be filed within 180 days of the alleged discrimination. **Deleted wording**

Complaints must be in writing and must be signed by the complainant and/or the complainant's representative. The complaint must set forth as fully as possible the facts and circumstances surrounding the claimed discrimination. In cases where the complainant is unable or incapable of providing a written statement, the complainant will be assisted in converting the verbal complaint into a written complaint. All complaints, however, must be signed by the complainant and/or by the complainant's representative.

Items that should not be considered a formal complaint: (unless the items contain a signed cover letter specifically alleging a violation of Title VI) include, but are not limited to:

1. An anonymous complaint that is too vague to obtain required information.
2. Inquiries seeking advice or information.
3. Courtesy copies of court pleadings.
4. Newspaper articles.
5. Courtesy copies of internal grievances.

## Investigation

**All complaints investigations are delegated by FHWA. Allegations of discrimination are taken very seriously and will be investigated in a timely manner. The Title VI Coordinator will gather relevant information in a fair and impartial manner and will submit the complaint to MDOT's Statewide Title VI Coordinator who will forward the complaint to FHWA.**

### **Timeframes for Investigations**

For FHWA, there is no regulatory timeframe for completing investigations. However, FHWA strives to complete all tasks within 180 days from the date of acceptance.

For State DOTs that have been delegated an investigation from FHWA, 23 CFR § 200.9(b)(3) provides that State DOTs must complete investigations within 60 days of receipt (meaning the date it receives the delegated complaint from FHWA).

### **FHWA Investigation Potential Outcomes**

First, at any time during the investigation, either FHWA or the respondent may initiate informal negotiations to resolve the issues. The FHWA always strives to resolve Title VI complaints informally, if possible.

In the absence of such negotiations, FHWA Headquarters Office of Civil Rights (HCR) (or an investigator State DOT) will draft a Report of Investigation, which should contain all relevant data and findings, with legal conclusions and potentially include recommendations for action. FHWA is responsible for the final disposition of all complaints, including initiation and conduct of informal negotiations and the issuance of Letters of Finding (LOFs).

There are five potential outcomes for concluding an investigation:

1. The FHWA makes a finding of no violation, and the case will be closed with no further action. The FHWA will issue an LOF stating in sufficient detail the reasons for the determination of no violation.
2. If, by a preponderance of the evidence, FHWA determines the respondent has failed to comply with its Title VI requirements or threatens to fail to comply by action or inaction, then FHWA will inform the respondent and the matter will be resolved by informal means whenever possible.

- If FHWA informally resolves the matter with the respondent by agreement, then FHWA will hold the complaint in abeyance until the respondent completes its corrective actions. If the corrective actions are completed to the FHWA's satisfaction, then the complaint will be dismissed with no further action.
- If FHWA cannot informally resolve the matter or the respondent does not complete agreed upon corrective actions, then FHWA may issue a LOF stating that the Recipient is in noncompliance with its Title VI obligations.

3. If FHWA issues a LOF of noncompliance to the respondent, the LOF will request that the respondent provide to FHWA, within 90 days, an action plan that implements the recommendations in the LOF.

4. If FHWA approves the action plan, then the respondent will be given a reasonable amount of time to implement the plan. At the end of the implementation period, FHWA will assess whether the respondent has sufficiently corrected the deficiencies.

5. If FHWA does not approve the action plan, or the respondent is nonresponsive/uncooperative, then FHWA may seek administrative sanctions, including, but not limited to, suspension or termination of

Federal funds or any other means authorized by law such as referral to USDOJ for enforcement.

- If USDOT seeks to suspend or terminate funds, it must provide the respondent with an opportunity for a hearing on the record. If the Secretary of Transportation determines that the respondent has not complied with Title VI and voluntary compliance cannot be secured, USDOT must notify Congress before that finding goes into effect. 49 CFR §21.13(c).

All LOFs issued by FHWA are administratively final.

### **Retaliation:**

The laws enforced by this MPO prohibit retaliation or intimidation against anyone because that individual has either taken action or participated in action to secure rights protected by these laws. If you experience retaliation or intimidation separate from the discrimination alleged in this complaint please contact:

### Reporting Requirements to an External Agency

A copy of the complaint, together with a copy of the investigation report and final decision letter will be forwarded to the MDOT, Civil Rights Program Unit within 60 days of the date the LOF was received.

### Records

All records and investigative working files are maintained in a confidential area. Records are kept for three years.

## Appendix E – Determine/Distinguish Significant or Non-Significant Effects

“Significant” requires considerations of both context and intensity:

- a) Context: this means that the significance of an action must be analyzed in several contexts such as society as a whole (human, nation), the affected region, the affected interests, and the locality. Significance varies with the setting of the proposed action. For instance, in the case of a site specific action, significance would usually depend upon the effects in the local area rather than in the world as a whole. Both short and long-term effects are relevant.
- b) Intensity: this refers to the severity of impact. Responsible officials must bear in mind that more than one agency may make decisions about partial aspects for a major action. The following should be considered in evaluating intensity:
  - a. Impacts that may be both beneficial and adverse. A significant effect may exist even if, on balance, the effect would be beneficial.

“Non-Significant Effect” means no substantial change to an environmental component and this has no material bearing on the decision making process.

Scientific, technical, institutional, the public’s value, and the local economic condition influence the meaning of significant effect.

If an alternative would provide a beneficial effect, then the alternative would cause no significant adverse effect. If an alternative would provide an adverse effect, the effect might be significant or the effect might be non-significant.

Determination of “significant” and “non-significant” effects will be made by the Executive Director.

## Appendix F – Program Compliance and Program Review Goals for Current Plan year

**KALAMAZOO AREA TRANSPORTATION STUDY  
FY 2023-2026 TRANSPORTATION IMPROVEMENT PROGRAM MARCH 2024 AMENDMENTS**

**What is the TIP?**

The Transportation Improvement Program (TIP) is an outline of transportation projects programmed in the Kalamazoo Area Transportation Study (KATS) Planning Area for Fiscal Year (FY) 2023-26. This area includes all of Kalamazoo County and Almena Township, Antwerp Township, Paw Paw Township, Waverly Township, and the Villages of Paw Paw, Lawton, and Mattawan in Van Buren County.

**The Metropolitan Planning Area**

Figure 1: Map of KATS MPO and Urbanized Area

The TIP, as required by federal regulations, addresses all projects proposed to use federal transportation funding within the KATS area. Everyone who lives, works, attends school, visits, or travels through our region is affected by these projects. The TIP responds to the everchanging needs of all users and includes maintenance, public transit, bikeway, sidewalk, bridge, traffic signal, and other projects.

**Development of the TIP**

The TIP covers a four-year period but is updated every three years to ensure an efficient transition between programs. The program is developed using the continuing, cooperative, and comprehensive planning process with state and

federal transportation agencies, public transit agencies, local governments, and residents. To be included in the TIP, projects must have committed funding and provide project details.

**Amending the TIP**

KATS regularly amends the TIP to reflect new and changing projects. The KATS staff may approve minor changes, but certain modifications are more significant and require KATS to approve a formal amendment to the TIP. These modifications include:

- Cost changes that exceed percentage thresholds
- Major changes that affect project scope
- Additions and Deletions

**The TIP Process**

**The Metropolitan Transportation Plan**

The Kalamazoo Area Transportation Study also develops the region's long-term Metropolitan Transportation Plan (MTP). The MTP covers more than 20 years of planning efforts and must be updated every four years. The short-range projects included in the TIP must be consistent with the long-range planning efforts included in the MTP.

Charts above represent funding at TIP adoption.
